Sensible & Beautiful Basement Floors

MillCreek FLOORING™

Waterproof Flooring

With The Luxurious Feel Of Hardwood!

You LOVE the look of wood floors... but your basement floors will likely to be wet from water vapor, a plumbing leak, or surprise leak from a big rain - which would surely ruin a wood floor. What can you do?

MillCreek Waterproof Flooring™ is the answer!

MillCreek Flooring™ uses a patented process that produces the textured grain of hardwood out of PVC, giving MillCreek Flooring™ the same look, feel and touch as a hardwood floor - without the wood! And when your basement floor gets wet - you don't have to worry about your floor being ruined. Tests have proven it can be used in any environment, with no influence from humidity. MillCreek Flooring™ does not use the traditional bonding method with formaldehyde content; instead it is pressed by high temperature, thus eliminating any release of formaldehyde.

Our flooring is environmentally friendly because of no formaldehyde, no expansion, and it is bacteria free. The system of MillCreek Flooring™ allows for ease of installation and eliminates the long and short term pollution of your living space. An added benefit of our system is that the floor can be used instantly after installation. Furniture can be immediately placed on the new floor. MillCreek Flooring™ offers the perfect solution for your decorating plans...

MillCreek Flooring™ is perfect for your basement! It will never get ruined or damaged from water or moisture!

MillCreek Flooring™ Color Options:

Rosewood

Natural Oak

Mahogany

The manufacturer will warranty MillCreek Flooring™ against any manufacturing defects for 10 years from the date of purchase. This warranty applies only to original purchasers, and is limited to normal residential use. This warranty is for MillCreek Flooring™ first quality products only. Under the terms of this warranty, manufacturer will, at its option, replace or repair flooring materials subject to confirmation that said flooring material has not been cut, scratched, burned or otherwise abused, with said abuse to include, but not necessarily limited to, heavy or pointed furniture, casters, or any such related abuse as within the manufacturer's sole discretion. In order to ensure compliance with the terms of this limited warranty, sharp or pointed furniture legs should be protected from damaging floors; floor must be properly installed on a flat level surface; and there should not be any bulges or protrusions contacting the Flooring. Damage caused by abuse, fire, cigarettes, falling objects, cutting, scratching, excessive heat, open flame, or improper installation will not be covered by this warranty. Replacement will be on a prorated basis after year two. Warranty restrictions will be determined completely by manufacturer. Manufacturer will not be liable for any loss of time, expenses, costs or consequential damage resulting in any form from a condition or problem claimed as a result of installing MillCreek Flooring™. Further, manufacturer makes no warranties or representations as to the merchantability or suitability of MillCreek Flooring™ for any particular use and no other remedies shall be available except those stated above. Certain states do not permit the exclusion or limitation of incidental or consequential damages, so this limitation may not apply to you.
